SERVING IN SOUTHERN EUROPE, EUROPE

We have been ministering in the area of church planting since 1996. We have established 3 churches and our latest church plant in Madrid is called Christian Celebration. We had nothing when we started and now the Lord has blessed us with over 300 faithfully. We have been asked by our leadership to be the Southern Europe Area Directors three years ago. This comprises of providing ministerial care and strategic support for our 90 missionaries and working with the national church leaders in 8 countries. We continually work with church planters, Bible schools, outreaches to immigrant population, children's ministry and the development of strategic ministries. Pray for a move of God in Southern Europe
