*Anthony & Emily*

## Convoy of Hope – Europe (living in Belgium)

Each step of their ministry journey has led Joel and Gail to sense that God was preparing them for service abroad. While the timing was uncertain, over the past two years, it became very evident that God's intended timing was eminent. Their passion for the people of the post-Christian, dark continent of Europe led us to Convoy of Hope Europe—a faith-based, community development team led by its passionate and visionary leader, Michael McNamee. They are honored and thankful to be joining the AGWM family as fully-appointed Assemblies of God Missionaries with COHEU.

Their family shares this call to bring hope, healing, and wholeness to a very hurting, desperate, and oft forgotten impoverished people of Europe. Many have been ravaged by hopelessness and oppressive governments. Convoy of Hope Europe works tirelessly to connect resources with local organizations, churches, missionaries and U.S. teams to restore hope by addressing the social, physical, and spiritual needs of each community
