One of the new CCBI study groups from Kampot

Cambodia Community Bible Institute Adds 5 New Groups

The Cambodia Community Bible Institute (CCBI) is a distance education program that we help to run in cooperation with three local Bible schools. Courses are delivered to study groups via audio recordings on SD cards, workbooks and study guides, and regular visits from CCBI staff to answer questions and facilitate tests. CCBI helps train pastors and lay leaders right in their own home villages around the country.

In July our CCBI country coordinator, Son Sey, visited Kampot province to help local pastors take advantage of the program. Five new student groups were started, putting the total number of CCBI students over 100! Please pray with us for these new students, and for the work of CCBI in equipping the church to continue spreading.

Deputation in the USA in 2015

It is amazing that our current four year term in Cambodia is almost over! In June of 2015 we will be returning to the USA for our deputation cycle.

Preparing for this presents a number of challenges in our ministry here. We need to finish our work with some projects and hand them over to others who will carry them forward. In addition, thanks to the internet, we will continue to work on some new project development while we are in the USA. Working out the details of all of this is challenging.

We also need to find a place to live, find a car, and schedule services at churches to share what God is doing in Cambodia. If you are interested in having a service with us, or just meeting to talk over coffee, send us an email and we will set it up. We are excited about the opportunity to share with you what God has done, and what God has laid on our hearts for the years to come!

Finally, both of our sons, Dmetri and Alex, will be leaving Cambodia for good and entering college when we return to the USA. This is a big transition for all of us! Please pray with us for God's leading and direction in all of these areas.

Please Pray With Us!

- Pray for us as we prepare for deputation:
 - Pray for finding a place to live
 - Pray for finding a car
 - Pray for scheduling services
- Pray for Cambodia Community Bible Institute and the new students in Kampot
